

HOT-BOYS KELONG FISHING

QUOTATION

Thank you for your enquiry. We are pleased to present you the following quotation for your perusal.

BACKGROUND INFORMATION

Our Kelong is situated in the East Coast of Malaysia and is far away from any fault lines, earthquake zones and tsunami disasters. The Kelong itself has been around since 1990 which is a testament to its stability and safety.

Unlike other kelong in Batam or Kukup which are situated along the beach, our Kelong is situated right in the middle of the Sibu Sea. The sound of the tranquil waves and fresh sea breeze will greet you upon arrival and you will find yourself sleeping in the open ocean under a clear night sky with plentiful stars. This is the place to get away from the hustle and bustle of the city and really relax!

The nearest jetty is Tanjung Leman which is just off Kota Tinggi and before Mersing. At our Kelong you can expect to catch a variety of fishes, including Seklahs, Kunings, Kambong, Garoupa, Todak (Gar Fish), Barracudas, Cobias, Sting Rays, Sotongs...

We are the only Singaporean operators of a Kelong in Malaysia, and are known for our food, service and cleanliness.

ITINERARY

There are 3 ferry timings from Tanjung Leman Jetty: 9am, 11am and 2pm. Please arrange to be at Tanjung Leman Jetty before appointed time. Please note, ferry pickups beyond appointed times will cost RM150 per one way trip via speedboat. Our Kelong is about 25 minutes boat ride from the jetty depending on current conditions.

You will arrive at our Kelong in time for lunch, and will depart on your departure date after lunch, which will approximately be around 1 to 2pm. This should give you enough time to return to Singapore by evening, before 6pm.

We will also arrange for island hopping for you during your stay in the late afternoon, around 3pm to 5pm for 2 hours. The timing may vary depending on the weather and tide conditions.

For fishing, please bring tamban hooks sized 5 and above. Sotong jigs, sized 3-4, that are orange or red in color, are also highly recommended. For the big fish, bring a rod that can cast far about 6 to 10 ft will do. Weight sizes differ depending on the current. We provide sotong bait, but you are encouraged to bring other types of bait if you want.
